

Coronavirus Update

We are at present open and will continue to care for all optical needs as best as we can. We are following all NHS and Government advice and will re-evaluate daily to keep our clients and staff healthy.

Please take note of the latest NHS Information Poster and self-isolate and contact NHS111 if appropriate.

As a primary care optical practice we have a high level of cleanliness with regular hand washing and cleaning and disinfecting all equipment between patients

If you have any concerns please contact us before attending the practice and we will do our best to update you with the latest advice based on your situation.
